HOW WE WORK

Listen first. Then plan, build and support.

We listen first, then plan, build and support. You get clear timelines, plain-language updates and a team that stays on call after launch.

1. **Free consultation**
   Tell us what your organization needs and what slows your team down.
2. **Free sample homepage**
   See your website before you commit, at no cost and no obligation.
3. **Build and launch**
   We set up your domain, email and website, and train your team.
4. **Ongoing support**
   Updates, fixes and content help, on a project basis or a monthly retainer.

Onsite visits are available in Pampanga and Metro Manila, booked 2 business days ahead. Urgent issues get a response within 4 business hours, and other requests within 1 business day.

WHO WE SERVE

Built for mission-driven and growing teams.

Small and Medium Enterprises
Reach more customers, look credible, and spend less time on repetitive admin work.

Cooperatives and other People Organizations
Share announcements, services and reports with members, and look as trustworthy online as you are in your community.

Training, Learning, and Other Educational Institutions
Put admissions, programs and announcements online, and give staff official school emails.

NGOs, Foundations, and other Socio-Civic Organizations
Show donors and partners your mission, programs and impact with a site that supports grant applications.

WHAT WE DO

Everything you need to get online and stay running.

- Websites and e-commerce
- Google Workspace and cloud
- SEO and Google Business Profile
- Analytics and dashboards
- Content and editorial
- **Our IT & Editorial Retainer**
